... **tangible product sales method through internet, involves displaying information about tangible product relative to displayed intangible product in user terminal**

Abstract (Basic):

... An **intangible product** information is searched from sales server (2) and the search result is displayed on a...

...request from the user terminal. The information about the tangible product relative to the displayed **intangible product**, is displayed on the user terminal. If both tangible and **intangible products** are sold at same instant, sales price of either of the products is discounted.

... d) **Intangible product** sales apparatus...

...For selling **intangible products** such as vehicle insurance and tangible product e.g. car navigation at same time through internet...

...Since **intangible product** and relative tangible product information are displayed at same time, the customer is allowed to...

...figure shows a schematic view of overall configuration of sales system for selling tangible and **intangible products** at same time...
